

THE TRANSVAAL

England Publishes the Latest Correspondence With Boers.

KRUGER THINKS WAR CERTAIN

Not in London That This Puts Settlement Beyond Diplomacy Unless Boers Yield.

NEW YORK, Sept. 1.—A cable to the Sun from London says: The publication of the latest dispatches between Great Britain and the Transvaal, which occurred today, is regarded as bringing diplomacy to a deadlock unless President Kruger assents to Chamberlain's terms. It is feared that instead of assenting he may utilize the invitation to another conference with Sir Alfred Milner for a renewal of indefinite bargaining. The Standard says that President Kruger has still a little time to think over the position. If he does not comply with the British demands there is only one issue. The Telegraph says it is palpable that England has reached the extreme limit to which she can go in honor and safety along the path of concession.

LONDON, Sept. 1.—This evening the Secretary of State for the Colonies, Joseph Chamberlain, issued the text of the Transvaal dispatches of August 19th and August 21st and the reply of the Imperial Government on August 28th. The publication is accompanied by a note emphasizing the advisability of making the correct version known, owing to the fact that an incorrect version has been published in Pretoria.

The Transvaal dispatch of August 19th contains the proposals regarding the franchise, which go upon the assumption that Great Britain will agree that the present intervention does not constitute a precedent and will allow the suzerainty question to drop.

The dispatch of August 21st makes the proposed concessions expressly conditional upon Great Britain undertaking not to interfere in the future with the Transvaal, not to insist upon a further assertion of the existence of suzerainty and to agree to arbitration.

The reply of the Imperial Government dated August 28th, declares that Great Britain considers that the proposals put forward as alternative to those of July 31st assume the adoption in principle of a franchise which will not be hampered by conditions impairing its usefulness and which will secure immediate representation.

With respect to intervention the Imperial note says that the Government cannot debar itself from its rights under the conventions, or divest itself of the obligations of a civilized power to protect its subjects abroad from injustice.

The note concludes by reminding the Transvaal that other matters exist which the grant of a political franchise will not settle and which are not the proper subjects for arbitration. These, the note declares, it will be necessary to settle concurrently with the questions already under discussion, and they will form, with the question of arbitration, proper subjects for the proposed Cape Town conference.

The Pretoria version of the Imperial reply was that Mr. Chamberlain was unable to consider the Transvaal's proposals as an alternative to a joint commission of inquiry.

PRETORIA, Sept. 1.—The Volksraad has deferred the discussion of the correspondence exchanged between the Imperial and Transvaal Governments until Monday, when a motion regarding the presence of British troops on the Transvaal border will be debated secretly.

Herr Fischer, the special envoy of the Orange Free State, has arrived here from Bloemfontein and is consulting with the Government on the situation. Last night's session of the Volksraad was short, as the reply to Great Britain was not ready.

Herr Fischer was present at the secret session of the Volksraad this evening, a circumstance that caused a great deal of curiosity. Large crowds gathered around the building anxious to learn the latest intelligence. President Kruger remained in the executive council until a late hour discussing the situation.

An influential section of the Afrikaners here wired today to Herr Hoffmeyer, leader of the Afrikaner party in Cape Colony, to come to Pretoria immediately.

PREPARING FOR WAR.

JOHANNESBURG, Sept. 1.—The town is preparing for the eventuality of war. The inmates of the Children's Home are going to Natal. The Town Council is providing a three months' supply of food for the men and animals connected with the scavenger department. All outgoing trains are crowded and most of the prominent men have already left Johannesburg.

CAPE TOWN, Sept. 1.—Reports received here from various outlying districts of the Transvaal describe them as being in a state of excitement. The burghers, it is said, are watching the developments keenly, but the majority of them hope for a peaceful settlement of the crisis.

There is a general exodus of British subjects from the large towns. Orders have been issued to the commandants and field cornets to have themselves and their burghers in readiness in the event of an outbreak.

SULAWAYO (Matabeleland, South Africa), Sept. 1.—Reports for Colonel Plumer's company are going to that

place daily. Sixty South Rhodesia volunteers were sworn in yesterday. BLOEMFONTEIN (Orange Free State), Sept. 1.—The assertion made yesterday by a local newspaper that orders have been given for the immediate supply of equipment and cartridges to the Orange Free State Artillery is declared to be unfounded.

THINKS WAR CERTAIN.

LONDON, Sept. 2.—The Pretoria correspondent of the Morning Post says: "President Kruger told a prominent Boer yesterday (Wednesday) that war was practically certain. Every Boer is now armed with a Mauser and has a hundred rounds for practice. I am convinced that the reports of the Boers not being prepared are only a pretense and that they will strike a blow when it is least expected."

The Johannesburg correspondent of the Standard says: "It is generally understood that there is the strongest inclination in the Volksraad to repudiate British suzerainty. A large section of the Boers is strongly opposed to a concession of the franchise on the basis of a five-year residence, and the position is still very grave."

MAY GO TO SOUTH AFRICA.

LONDON, Sept. 1.—Colonel Hector Archibald McDonald, the Omdurman hero, has been urgently summoned to report at the War Office. He is expected to go to Cape Colony.

GIBRALTAR NEXT

Admiral Dewey Sails From Villefranche.

The Pope Sends A Catholic Sailors on the Olympia a Medal.

VILLEFRANCHE, Aug. 31.—The United States cruiser Olympia, with Admiral Dewey on board, sailed today for Gibraltar. Admiral Dewey remained on board the Olympia this morning. In brilliant sunshine and with a fresh breeze blowing the preparations for sailing commenced at 3:15 p. m., when the launches were hauled up. Interested crowds on shore watching the preparations and admiring the activity of the crew. At 3:30 the mail orderly left the quay with the last mail, the anchors were hoisted and at 4 o'clock sharp the cruiser sailed out of the harbor for Gibraltar.

The Admiral says he is in perfect health. He expects to stay at Gibraltar until September 12th. He expressed pleasure previous to departure with his stay here, and dreads his countrymen's reception. The Admiral's visit here was the most interesting in the history of the harbor.

ROME, Aug. 31.—The Pope has sent through Chaplain Reaney silver medals to be given to all Roman Catholic sailors aboard Admiral Dewey's flagship Olympia.

DU PATY DE CLAM.

Said to Have Made an Important Confession.

NEW YORK, Sept. 1.—A cable to the World from Rennes says: The World correspondent is informed on the best authority that Colonel Du Paty de Clam has made a most sensational revelation, exposing all the crookedness of which he is guilty, in obedience to the direct instruction of his chiefs of general staff. This was revealed to Major Tavernier, the commissioner appointed by Colonel Jouaust, president of the court-martial, to take Du Paty de Clam's testimony in Paris, where he lies ill.

At this moment, 11 o'clock at night, a meeting of Generals is being held in the house which Cavaignac, former Minister of War, has secretly maintained here as headquarters of the inner circle of anti-Dreyfusites. Cavaignac pretended to go to Paris after the fourth day of the trial. He really has been in Paris since the first day of Tavernier's examination of Du Paty de Clam. Cavaignac returned here tonight. The World correspondent learns that he brought, if not a complete copy of Du Paty de Clam's testimony, at least a fairly explicit synopsis of it. Roger's and Cugnet's abandonment of him has definitely antagonized Du Paty de Clam. All efforts by Gonse to pacify him have been vain.

Du Paty de Clam's family have persuaded him to resign his commission in the army as soon as he has cleared himself of all responsibility for the crime against Dreyfus. That Cavaignac should have procured even a synopsis of the testimony is in itself illegal, for the law says that testimony so taken must be kept secret until it is read in court.

THE DREYFUS CASE.

RENNES, Sept. 1.—This was a very satisfactory day for Dreyfus. The Beaurepaire witness, Germain, who was to prove that Dreyfus attended the Alsatian maneuvers, found his statements denied by a reputable witness, while Germain himself, it was proved, was twice convicted of swindling. This was the only testimony against Dreyfus, the remainder of the depositions being in his favor, several of them being very weighty, as in the case of Captain Carvalho, General Schert and Major Hartmann, their evidence going to show that particulars of the firing manual of the "120 gun" and hydro-pneumatic brake were almost matters of common knowledge among the officers.

SOME HILO NOTES

Philip Peck Will Organize a Bank for That City.

TO HAVE SAFE DEPOSIT VAULT

Hilo to Have a Jockey Club—Big Suit for Damages May be Brought by Japanese.

Probably one of the most needed, if not the most needed institution in Hilo, is a bank, says the Hilo Tribune. This has been felt for a long time here, and the lack of such an institution has crippled Hilo business to a considerable extent and has to a still larger extent proven a great inconvenience. Probably every man and every firm has had occasion to complain frequently and in unmistakable language of the lack of a local medium for transacting monetary business with other local men and firms and men and firms abroad. This lack has also been the cause of a stringency in the money market more than once.

Mr. Philip Peck, formerly manager of the Aloha Plantation Company in Oahu, is the inaugurator of this much-needed institution and his plans are so far formulated that he can give the public definite assurance that they will be carried through.

Already a considerable portion of the stock necessary has been subscribed and it is mostly local capital. Mr. Peck has been so long a resident of Hilo and Oahu that he knows pretty nearly the needs and resources of this section of the country and the prospects for success or failure of a bank here. He is a man not at all likely to go into a doubtful venture, and there can be little doubt that he is well assured of success in this.

The location of the bank will probably be in the Peacock block, now in course of construction. Safe deposit vaults will be a feature of the institution, which will transact a general banking and exchange business and lend money on satisfactory security.

Carl Brush has completed the survey of the proposed Waialea race-track and the Volcano stables will soon proceed with the construction of the same. There will be no stock company as at first proposed, but the track will be leased to the Jockey Club about to be organized.

At the January term of court Colonel Little will bring a suit for \$100,000 damages against the Pepee Sugar Company for false imprisonment of the nineteen Japanese charged by that plantation with conspiracy.

A. P. Linder, who has been head luma at Onomea, left by last night's Claudine for Molokai, where he will assume a similar position with the American Sugar Company.

Work on the Oahu railway line is about to commence, and will be pushed ahead rapidly. Preliminary surveys for the Kohala-Hilo railway are being pushed.

A PUBLIC BENEFACTOR.

Through the efforts of Brother Matthias the Japanese beetle is not nearly as plentiful this year as last. The Brother has inoculated numbers of them and these have been distributed in gardens, and through the infection the young beetles have died.—Hawaii Herald.

SIR THOMAS LIPTON.

NEW YORK, Sept. 1.—The Cunard line steamer Campania arrived at Quarantine tonight at 7:30 o'clock and was met in the Narrows by a flotilla of tugs and the steam yacht Erin to greet Sir Thomas Lipton, who was a passenger on the liner. The Quarantine Commissioners' boat, the State of New York, also appeared upon the scene with a large party under the guidance of Commissioner Palmer. The party consisted of Colonel Treadwell, Governor Roosevelt's military secretary, who was sent by the Governor to receive Sir Thomas Lipton, a number of officials and members of the New York Yacht Club, a number of members from the New England Society and other similar organizations. All boarded the steamer and came up to the dock.

Paralysis

is sometimes caused by overwork, either mental or physical. There are many other exciting causes, such as exposure to cold, excesses, emotional influences, etc. The approach of the disease is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo and muscular weakness.

Dr. Williams' Pink Pills for Pale People

restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kansas, than Mr. G. H. Snyder. To a reporter Mr. Snyder related a wonderful story. He said: "I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so bad I was unable to move about. I consulted several distinguished physicians, one telling me that I had locomotor ataxia, another that I had creeping paralysis. I took their medicines but they did me no good and I continued to grow worse."

"One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, eczema, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, postpaid, on receipt of price, \$1.00 a box or six boxes for \$5.00 (they are never sold in bulk or by the 100) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.
